## **Certificate of REACH compliance**

We, SUSUMU Co., Ltd. hereby certify that the products listed below are fully compliant with REACH in respect of the following substances:

Product:

URG Series, SRG Series, RG Series, RGT Series, NRG Series, PRG Series, HRG Series,  
MRG Series, RGA Series, RR Series, RT Series, RM Series, KRL Series, PRL Series,  
RL Series, YJP Series, PCMB Series, PS Series, PAT Series, PXV Series, PCS Series, HPT Series

Substance List :

REACH 33<sup>th</sup> (2025/6/25) Substance of Very High Concern (SVHC) List

SUSUMU Co., Ltd.

## Substance of Very High Concern (SVHC) List

| No. | Substance name                                                                                                               | EC No.                  | CAS No.                                     | Remarks               |
|-----|------------------------------------------------------------------------------------------------------------------------------|-------------------------|---------------------------------------------|-----------------------|
| 1   | Anthracene                                                                                                                   | 204-371-1               | 120-12-7                                    | first<br>(2008/10/28) |
| 2   | 4,4'- Diaminodiphenylmethane                                                                                                 | 202-974-4               | 101-77-9                                    | first<br>(2008/10/28) |
| 3   | Dibutyl phthalate                                                                                                            | 201-557-4               | 84-74-2                                     | first<br>(2008/10/28) |
| 4   | Cobalt dichloride                                                                                                            | 231-589-4               | 7646-79-9                                   | first<br>(2008/10/28) |
| 5   | Diarsenic pentaoxide                                                                                                         | 215-116-9               | 1303-28-2                                   | first<br>(2008/10/28) |
| 6   | Diarsenic trioxide                                                                                                           | 215-481-4               | 1327-53-3                                   | first<br>(2008/10/28) |
| 7   | Sodium dichromate                                                                                                            | 234-190-3               | 7789-12-0,<br>10588-01-9                    | first<br>(2008/10/28) |
| 8   | 5-tert-butyl-2,4,6-trinitro-m-xylene (musk xylene)                                                                           | 201-329-4               | 81-15-2                                     | first<br>(2008/10/28) |
| 9   | Bis (2-ethyl(hexyl)phthalate)                                                                                                | 204-211-0               | 117-81-7                                    | first<br>(2008/10/28) |
| 10  | Hexabromocyclododecane (HBCDD) and all major diastereoisomers identified ( $\alpha$ -HBCDD, $\beta$ -HBCDD, $\gamma$ -HBCDD) | 247-148-4,<br>221-695-9 | 134237-50-6,<br>134237-51-7,<br>134237-52-8 | first<br>(2008/10/28) |
| 11  | Alkanes, C10-13, chloro (Short Chain ChlorinatedParaffins)                                                                   | 287-476-5               | 85535-84-8                                  | first<br>(2008/10/28) |
| 12  | Bis(tributyltin)oxide                                                                                                        | 200-268-0               | 56-35-9                                     | first<br>(2008/10/28) |
| 13  | Lead hydrogen arsenate                                                                                                       | 232-064-2               | 7784-40-9                                   | first<br>(2008/10/28) |
| 14  | Benzyl butyl phthalate                                                                                                       | 201-622-7               | 85-68-7                                     | first<br>(2008/10/28) |
| 15  | Triethyl arsenate                                                                                                            | 427-700-2               | 15606-95-8                                  | first<br>(2008/10/28) |
| 16  | Anthracene oil                                                                                                               | 292-602-7               | 90640-80-5                                  | second<br>(2010/1/13) |
| 17  | Anthracene oil,anthracene paste,distn. Lights                                                                                | 295-278-5               | 91995-17-4                                  | second<br>(2010/1/13) |
| 18  | Anthracene oil,anthracene paste,anthracene fraction                                                                          | 295-275-9               | 91995-15-2                                  | second<br>(2010/1/13) |
| 19  | Anthracene oil,anthracene-low                                                                                                | 292-604-8               | 90640-82-7                                  | second<br>(2010/1/13) |
| 20  | Anthracene oil,anthracene paste                                                                                              | 292-603-2               | 90640-81-6                                  | second<br>(2010/1/13) |
| 21  | Coal tar pitch,high temperature                                                                                              | 266-028-2               | 65996-93-2                                  | second<br>(2010/1/13) |
| 22  | 2,4-Dinitrotoluene                                                                                                           | 204-450-0               | 121-14-2                                    | second<br>(2010/1/13) |
| 23  | Diisobutyl phthalate                                                                                                         | 201-553-2               | 84-69-5                                     | second<br>(2010/1/13) |
| 24  | Lead chromate                                                                                                                | 231-846-0               | 7758-97-6                                   | second<br>(2010/1/13) |
| 25  | Lead chromate molybdatesulphate red (C.I. Pigment Red 104)                                                                   | 235-759-9               | 12656-85-8                                  | second<br>(2010/1/13) |
| 26  | Lead sulfochromate yellow (C.I. Pigment Yellow 34)                                                                           | 215-693-7               | 1344-37-2                                   | second<br>(2010/1/13) |
| 27  | Tris(2-chloroethyl) phosphate                                                                                                | 204-118-5               | 115-96-8                                    | second<br>(2010/1/13) |
| 28  | Acrylamide                                                                                                                   | 201-173-7               | 79-06-1                                     | second<br>(2010/1/13) |
