

Small power choke coils

■PCMB series, PS series

Features

- Low DCR and large current for small sizes
- High efficiency and low loss

Applications

- PCs, servers, power sources, mobile devices, flat screen TVs etc.

◆Part numbering system

PS		031*	-	***	M	(S)	Material : refer to the table for electrical characteristics
Series code		Size : B(2.9mm×2.9mm×1.2mm), T(2.9mm×2.9mm×1.0mm)			Resistance tolerance : M=±20%		
				Inductance value			

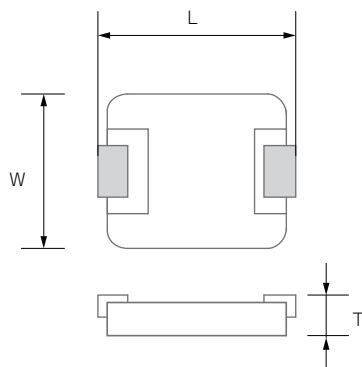

Rated current : the current that increases the temperature by 40°C

Saturating current : The current that reduces inductance by 30% (PCMB/PS/PST/PL)
