

# Small power choke coils

## ■ PCMB series, PS series

### Features

- Low DCR and large current for small sizes
- High efficiency and low loss

### Applications

- PCs, servers, power sources, mobile devices, flat screen TVs etc.

## ◆ Part numbering system

**PS 031\* - \*\*\* M (S)**

Series code		Material : refer to the table for electrical characteristics	
Size : B(2.9mm×2.9mm×1.2mm), T(2.9mm×2.9mm×1.0mm)		Resistance tolerance : M=±20%	
		Inductance value	

Rated current : the current that increases the temperature by 40°C  
 Saturating current : The current that reduces inductance by 20% (PCMC) or 30% (PCMB/PS/PST/PL)
